SUBSIDIARY BODY FOR IMPLEMENTATION
Seventh session
Bonn, 20 - 29 October 1997
Item 3 (a) of the provisional agenda

NATIONAL COMMUNICATIONS FROM PARTIES INCLUDED IN ANNEX I TO THE CONVENTION

Progress with regard to in-depth reviews of first national communications and status of submission of second national communications

Note by the secretariat

1. The present note describes the progress made with regard to in-depth reviews of first national communications from Parties included in Annex I to the Convention, and contains information on submissions and distribution of second national communications.

2. All Annex I Parties, except Lithuania (submission due date 22 December 1995), have submitted their first national communication. At the time of preparation of this note, 32 country visits had taken place in connection with the in-depth reviews of national communications and 28 in-depth review reports had been issued.

3. In accordance with decision 2/CP.1 of the Conference of the Parties (COP), summaries of the reports of the in-depth reviews are made available to all Parties and accredited observers. These summaries are one to two pages in length and are available in the six official languages of the United Nations. The full texts of the reports are available in their original language. These reports including their summaries are also accessible on-line via the World Wide Web (http://www.unfccc.de) and APC network (Econet, un.fccc conference).

4. The table in this document provides an update on the dates of ratification, acceptance, approval or accession of Parties included in Annex I to the Convention, the dates on which the first national communications were due following the entry into force of the Convention,

the dates on which the first national communications were received, and the dates of in-depth review country visits.

5. The COP 2, by its decision 9/CP.2, requested Annex I Parties to submit their second national communication by 15 April 1997. For those Parties which were due to submit the first communication in 1996, an update of this communication was to be submitted by the same date; second national communications by Parties with economies in transition should in principle be submitted not later than 15 April 1998. National inventory data on emissions by sources and removals by sinks are to be submitted on an annual basis by 15 April of each year.

6. Of the second communications that were due by 15 April 1997, six were received on time (Canada, Finland, Germany, Netherlands, Norway and the United Kingdom) and ten after the deadline (Austria, Belgium, France, Iceland, Ireland, New Zealand, Sweden, Switzerland, the United States of America and Monaco which, though not an Annex I Party, notified the Depositary that it intends to be bound by subparagraphs (a) and (b) of Article 4.2). The Czech Republic and Slovakia have submitted second national communications before their due dates. Second communications have not been received from Australia, Denmark, the European Community, Greece, Italy, Japan, Luxembourg, Portugal and Spain. Hungary, Japan, Latvia and the Russian Federation made available to the secretariat updated greenhouse gas inventories (in some cases advance or preliminary ones).

7. According to decisions of the Intergovernmental Negotiating Committee for a Framework Convention on Climate Change and of the Conferences of the Parties, 500 copies of second national communication are to be submitted to the secretariat for subsequent distribution, as well as an electronic version of an executive summary of the national communication. At the time of writing the requested number of copies have been received by the secretariat from eleven Parties (Canada, Finland, Germany, Ireland, the Netherlands, New Zealand, Norway, Sweden, Switzerland, the United Kingdom and the United States of America). The secretariat has dispatched the second communications of Finland, Ireland, the Netherlands, New Zealand, Norway, Sweden, Switzerland, the United Kingdom and the United States of America to all Parties and observer States to the Convention, as well as to a number of intergovernmental and non-governmental organizations. Further mailings will be made as soon as more communications are received.
